PROFILE SUMMARY

Final-year Computer Engineering student specializing in Artificial Intelligence and Data Science, with strong expertise in machine learning, data analysis, deep learning, and software development. Experienced in designing intelligent systems and full-stack applications, with a passion for leveraging AI technologies to solve real-world challenges and build innovative data-driven solutions.

EDUCATION

Computer Engineering AI & Data Science Specialization — **2024 - Expected Graduation 2027 |** ESPRIM, Tunisia
Bachelor's Degree in Electronics, Electricity, and Automation — **2021–2024 |** ISSATM, Tunisia
Technical Sciences **Baccalaureate** — **2021 |** Mahdia, Tunisia

PROFESSIONAL EXPERIENCE

- **AI & Data Science Intern** — **Tradrly | 15 Jun – 15 Aug 2026**

Developed AI modules for an intelligent educational robot, including multilingual conversational AI, a RAG-based knowledge system, and REST APIs using FastAPI and Gemini.

Technologies: FastAPI, Gemini, RAG, Python, REST API

- **Web Development Intern** — **NeuralBey | Jul – Aug 2025**

Developed responsive web interfaces using React.js and integrated REST APIs with a Django backend, focusing on clean UI/UX and component reusability.

Technologies: React.js, Django, REST API

- **AI & Data Science Intern (Final Year Project)** — **Monastir Habib Bourguiba International Airport | 2024**

Built an intelligent airport assistant robot (Aerobot) using computer vision and data scraping to display real-time flight information.

Technologies: Computer Vision, Data Scraping, Python

- **Web Development Intern** — **YOUPTECK | Jul – Sep 2023**

Contributed to the development of a WordPress website, including content integration in French and English.

Technologies: WordPress, HTML, CSS

PROJECTS

LUMIA – AI Skin Care Recommendation Platform | Personal Summer Project – Ongoing... 2026

Developing a full-stack mobile platform that combines facial image analysis and AI-based recommendations to help users understand their skin needs and discover suitable skincare solutions.

Technologies: React Native, MERN Stack, Node.js, Express.js, MongoDB, Python, Computer Vision, Machine Learning

ForsaTech – AI Recruitment Platform 2026

Developed a smart recruitment platform that analyzes CVs and matches candidate profiles with job requirements using deep learning and NLP techniques.

Technologies: MERN, Python, NLP, Deep Learning, spaCy, RoBERTa, FastAPI, JavaScript

OncoScan IA – Medical Diagnosis Platform 2026

Developed an AI-powered medical diagnosis system for brain tumor classification and breast cancer detection using deep learning models.

Technologies: Python, TensorFlow, Keras, CNN, Streamlit, FastAPI, Docker, OpenCV

Dental X-Ray Diagnosis – CNN Model (Machine Learning) 2026

Built an automatic system to classify 6 dental pathologies using OPG X-Ray images.

Technologies: Python, TensorFlow/PyTorch, NumPy, Pandas.

Nutrismart Platform 2025

Developed a cross-platform nutrition tracking application (desktop: JavaFX, web: Symfony) with MySQL database. Recognized as one of the best projects and selected to participate in ESPRIT's Project Showcase.

Technologies: Symfony, JavaFX, MySQL

SKILLS

Languages & Frameworks: Python, Java, Spring Boot, JavaScript, TypeScript, PHP, Symfony, ASP.NET, React, Node.js, Express, FastAPI, MERN.
Backend & APIs: REST APIs, Swagger / OpenAPI, Postman.
Databases: MongoDB, MySQL, SQLite.
AI & Machine Learning: Machine Learning, Deep Learning, NLP, LLM, Computer Vision, RAG, Data Analysis.
Frameworks & Libraries: TensorFlow, PyTorch, spaCy, Transformers, OpenCV.
Tools & Platforms: Git, GitHub, Docker, Linux.
Other Tools: Tailwind CSS, OOP, UI/UX Design, Embedded Systems.

TRAININGS & CERTIFICATIONS

Insight Cybersecurity Hackathon — Certificate of Participation — **IEEE ESPRIM | November 2025**
Participated in a cybersecurity hackathon focused on security challenges and teamwork.
Bal des Projets (13th Edition) | Certificate of Participation — **ESPRIT, 2026**
Bal des Projets (12th Edition) | Certificate of Participation — **ESPRIT, 2025**
IoT, AI & **Big Data** Workshop — **APII Mahdia, 2025**
Connected Objects Symposium — **APII Mahdia | 2025**
Introduction to Ethical Hacking & IoT Cybersecurity — Certificate of Attendance — **Sousse, Tunisia | 18–20 Dec 2023**
IT-CYBERSEC EXPERT INFORMATION SECURITY AGENCY

SOFT SKILLS

Time Management & Organizational Skills
Adaptability & Effective Communication
Teamwork & Collaboration
Critical Thinking & Problem Solving

LANGUAGES

Arabic
Native

French
Fluent

English
Fluent
